Thwaites are delighted to announce the extension by five years, of the distribution agreement with Erenfred Pedersen covering the Kingdom of Denmark.

The deal which commenced in 2002 will extend the relationship to 2024 some 22 years and beyond.

Erenfred Pedersen owner Martin Brinkmann-Pedersen said, "We are delighted to extend our agreement with Thwaites. The product is manufactured to withstand the rigours of the Scandinavian market and its conditions. Thwaites dumpers are liked and respected by our customers, business and team".

The family business which was founded in 1966, has three sales offices in Aalborg, Kolding and Copenhagen. Providing the coverage and reach required to deliver a range of quality machines, services and parts to the Construction, Infrastructure and Forestry sectors across the country.

Thwaites Export Sales Manager Dave Webster said, "I have personally managed the EP account for 10 years. The market in Denmark is exacting, EP and I have worked collaboratively to utilise the company's knowledge and stable relationships to grow sales and market share in the territory."

Concluding Mr Webster went on to say "I would like to thank Martin and his team for their loyalty and continual support. I look forward to the next five years and beyond in supplying and supporting Erenfred Pedersen in Denmark."
