Thwaites are delighted to recognise the first anniversary of Sussex and Surrey Distributor, Jim Dicker Plant Sales. Based in Worthing West Sussex, the business managed by Jim and wife Suzanne has been established since 1997.

Thwaites Dumpers were added to the Company's product range in June 2016. Since then, with a first-year target of 80 dumpers, Jim is delighted to announce site dumper sales have exceeded 150 machines. This next year, continued growth is forecast with sales of Thwaites Dumpers expected - through Jim Dicker Plant Sales - to exceed 200 machines.

Commenting on the distributor's first anniversary Jim Dicker said, "We offer customers a personal touch, ensuring the level of service and attention is at the very highest level. It's my name above the door so to speak, therefore I am trusted to oversee every transaction and communication, through to completion and my Customers' satisfaction".

Thwaites Managing Director Ian Brown said, "Thwaites were delighted just 12 months ago to welcome Jim Dicker Plant Sales as a UK Distributor, giving additional reach to site dumper customers across Sussex and Surrey. A great relationship has been established during this period, allowing the tradition, investment and innovation we deliver as a manufacturer, to match the sales and operational excellence Jim and Suzanne deliver their Customers".

To mark the occasion Jim and Suzanne visited the Thwaites manufacturing plant in Leamington Spa where a specially commissioned and liveried dumper was unveiled.

**Thwaites Limited 2017** The Thwaites name is synonymous with the best-quality dumpers on the market. Advanced design and investment in tooling provide today's customers with the very best products at the cutting edge of technology. This means more than just the strength and reliability you know you can expect from Thwaites; it means an increased focus on customer satisfaction, safety and ergonomics across the range.
