Thwaites are pleased to announce the extension of Lister Wilder's territory into home county, Kent, South East England, increasing and expanding its Dumper reach and coverage in the UK.

Lister Wilder who are already a highly successful Thwaites distributor in Berkshire and Oxfordshire, will now offer this extended service in Kent, from their Ashford branch.

The Company who operate in four key markets of Construction, Ground-care, Agriculture and Arboriculture are a family run business that were formed in 1947, some 71 years ago.

Commenting on the new deal, Area Sales Manager Paul Mahoney commented, "I am delighted that in addition to my existing portfolio of Construction products, I can now offer my Customers the market leading Thwaites Dumper range.

Mr Mahoney went on to say..." I deal with local, busy, SME owners and operators, in addition to buyers from the majority of Kent's regional contractors and Plant Hirers. This announcement is good news for Lister Wilder, good news for me and more importantly good news for my Customers".

The deal which begins with immediate effect, will cover the entire Thwaites Dumper range of; 1ton to 9-ton machines. With Hi-Swivel, Power Swivel and Front Tip options combining with a selection of transmissions to ensure productivity and performance are always fully optimised.

Concluding Thwaites Distributor Manager, South, Paul Rodwell said, "I look forward to extending, expanding and developing our relationship with this opportunity. Just like Lister Wilder, Thwaites are also proud to be a family run business dating back to 1937, so our respective histories are shared, as to, I am sure, is our future".

Thwaites Limited 2018 The Thwaites name is synonymous with the best-quality dumpers on the market. Advanced design and investment in tooling provide today's customers with the very best products at the cutting edge of technology. This means more than just the strength and reliability you know you can expect from Thwaites; it means an increased focus on customer satisfaction, safety and ergonomics across the range.
