Thwaites are delighted to recognise the 60<sup>th</sup> year anniversary of TBF Thompson (Garvagh) Ltd, the company's sole dumper distributor for Northern Ireland.

Operating out of Coleraine, Mallusk and Newtonabbey Thwaites and TBF have a strong strategic relationship that dates back some 50 years.

Initially, the respective organisations developed rapidly in post war Britain during the rebuilding of both the Nation's infrastructure and housing stock.

Both businesses throughout their formative years have had similar shared experiences. By recognising and delivering on customers' needs, the respective organisations have developed values and ethics that are as important today as they were back in those early days.

Commenting Thwaites Managing Director Ian Brown said "Firstly on behalf of Thwaites we send my best wishes and many congratulations to Seamus Doherty and the TBF Thompson team on reaching their 60<sup>th</sup> anniversary. Recently I noted that back in the 1970's Thwaites had some 16 distributors, of the two that have endured and remain with us today, one is TBF Thompson".

As both businesses continue to develop technological and innovative solutions, Thwaites looks forward to working with TBF Thompson during this next phase of development to further satisfy customers.

**Thwaites Limited 2017** The Thwaites name is synonymous with the best-quality dumpers on the market. Advanced design and investment in tooling provide today's customers with the very best products at the cutting edge of technology. This means more than just the strength and reliability you know you can expect from Thwaites; it means an increased focus on customer satisfaction, safety and ergonomics across the range.
